

READY RECYCLING

Entrepreneur Student: Yefry Núñez
Universidad Tecnológica de Santiago (UTESA)

February 23rd, Santo Domingo, D. R.

The Environmental Problem in Dominican Republic

88,000

Tons of plastic waste
generated per year

25%

Only this percent
is managed

**The solution for
this problem:**

READY

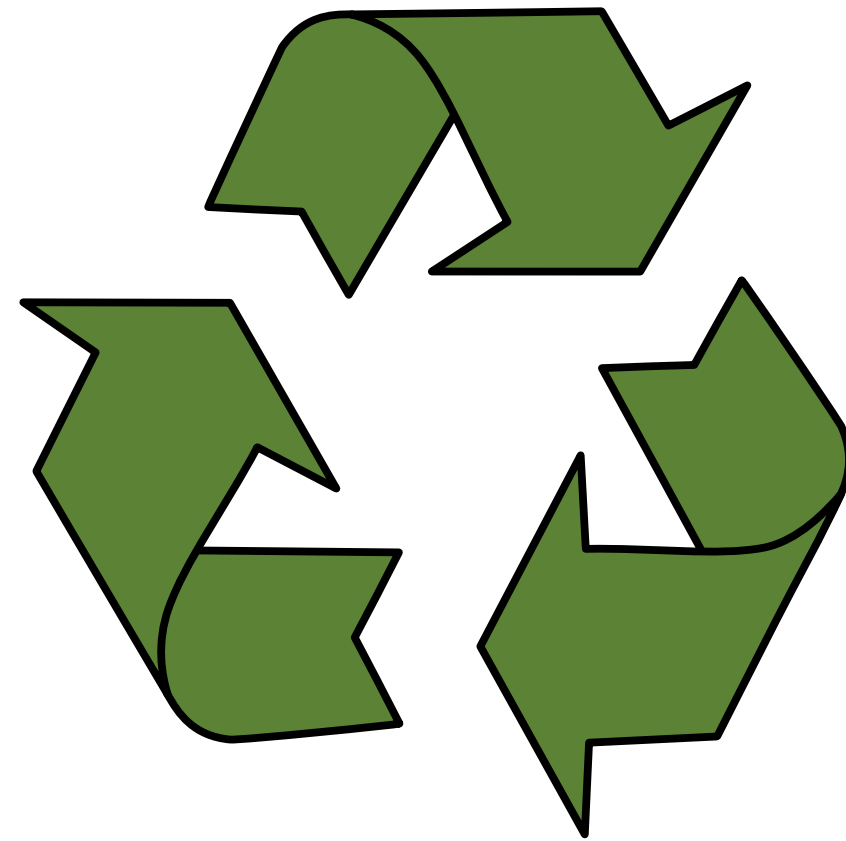

Why do I seek this objective?

Community

Sustainability

Better World

Key Activity

**Empower recycling
education
and teamwork**

Who am I?

Yefry Núñez, a passionate student entrepreneur.

A fact is that I am constantly researching valuable knowledge that will help me strength my business idea in benefit of the society

The most important question:

Are you **READY to make the DR a better place?**
