## GREAT LAUNCH OF MATILDA II

---

### MATILDA Y LAS MUJERES EN INGENIERÍA EN AMÉRICA LATINA

# 2

The past Saturday June 6, 2020 was virtually held the launch of the book "Matilda and Women in Engineering in Latin America, Part II". With great success and a massive audience that connected virtually people from 10 countries, and with the support of CONFEDI AND LACCEI, the authors offered their appreciations regarding profession, family, leadership and early vocations. The book was co-edited by Doctor Roberto Giordano Lerena, Dean of Engineering of the FASTA University of Argentina and Dr. Adriana Páez Pino, President of the GEDC LATAM.

In the following links you can download for free the second edition of the Matilda's book series.

## MEMBERSHIP LACCEI 2020

---

This year the universities that have active membership have more benefits, in terms of the number of free participants to the LACCEI 2020 Conference, in addition to the low registration values for members that allow all full papers to be presented. and indexed in **SCOPUS**.

For the participants in LACCEI 2020 the benefits are expanded in terms of a lower cost of registration for the presentation of works, reduced between 30% and 50% of the normal value, added to the fact that every university that is an active member will receive two (2) registrations Completely free to participate in the Multiconference. The first registration as LIAISON, who can be an author and the second registration a "Non-Author" of the institution. The other authors of the institution will have a very low cost thanks to participating as a member of a university with active membership.

We cordially invite your university institution to activate its membership and obtain the multiple benefits that it offers to each of its associates.

**Welcome to LACCEI 2020 – Virtual Edición!!**
