

OPEN LATINAMERICAN CHAIR

Assuming the challenge of creating an open Latin American chair given by the LACCEI President, Dr. Miguel Ángel Sosa, the co-editors of the Matilda I and Matilda II, Dr. Adriana Páez and Roberto Giordano, they set the goal of founding during this Multiconference the LATIN AMERICAN OPEN CATEDRA, "Matilda and the Women in Engineering". The chair had a great reception among the universities not only of Latin America and the Caribbean, but also of universities from other latitudes, with the support of CONFEDI, ACOFI and LACCEI. We will expand this information and founding in the INNOVATION LACCEI magazine in October.

LACCEI ACADEMIC MERIT MEDAL

Dr. Roberto Giordano Lerena, is Dean of the Faculty of Engineering of the FASTA University, Argentina and co-editor of Matilda I and II.
