

SUBMISSION DEADLINE EXTENDED FOR PAPERS FOR LEIRD 2022

LEIRD 2022 is extending the deadline for submitting papers to **Saturday, October 15, 2022**. This conference welcomes unpublished papers, including research and case studies, as well as work-in-progress presentations from all areas of research within the themes of Entrepreneurship, Innovation and Regional Development.

LEIRD 2022 will accept works written in English, Spanish, Portuguese, or French. Requirements: Full Papers (6-10 pages), Work in Progress Papers (2-5 pages), with a limit of seven authors per paper. For more information, visit: <https://laccei.org/leird2022/call-for-papers/>

All accepted and presented Full Papers will be published in the proceedings with ISSN and ISBN with DOI and will be processed for indexing by Scopus and other indexers. Works in Progress will be single blind reviewed and published in the conference proceedings with ISSN and ISBN.

LACCEI IS A MEMBER OF THE MULTI-SOCIETY GLOBAL COLLOQUIUM ON ENGINEERING EDUCATION (MSGCEE)

LACCEI HAS signed an agreement with six other international engineering education societies to cooperatively organize the Multi-Society Global Colloquium on Engineering Education (MSGCEE), a multi-event distributed geographically and chronologically through the societies' annual conferences. Designed to expand and maximize intercultural interaction and foster engineering education research and innovation collaboration among member societies. Each society has agreed to organize in parallel to its annual event to include an MSGCEE event with a special one-day registration fee for invited global participants. For more information, you can visit the link: <https://laccei.org/global-colloquium/>

This year, LACCEI is pleased to invite all authors with Full Papers published in the LACCEI 2019, LACCEI 2020, LACCEI 2021, LEIRD 2021 and LACCEI 2022 multi-conferences to participate in the Multi-Society Global Colloquium on Engineering Education (MSGCEE) organized by the African Engineering Education Association (AEEA). It will be held within the framework of the "World Engineering Education Forum (WEEF) & Global Engineering Dean's Council (GEDC)" which is partnering with African Engineering Education Association (AEEA) Conference.

SECOND MEETING OF DIRECTORS AND DEANS OF ENGINEERING, SCIENCES AND TECHNOLOGY OF LACCEI

The Associate Vice Presidency of the Councils of Deans of LACCEI and the Dean of the Institute of Engineering and Technology of the Autonomous University of Ciudad Juárez will convene the second face-to-face meeting of Directors and Deans of Engineering from Latin America and the Caribbean. In this meeting, they will continue to deliberate on the work of the different commissions integrated in the 20th Annual International Multiconference of Engineering, Education and Technology of LACCEI, designated as "Engineering Summit of the Americas" by the Organization of American States.

Under the slogan "**America United in Educational Quality**" the meeting will be held in **Juarez, Mexico**, from October 31 to November 2, 2022. Under discussion will be current issues in higher education to promote and establish collaborations that bolster progress in mobility, exchange of teachers, curricular innovation, accreditations, sustainability, agenda 2030, linkage, entrepreneurship, and inclusion from a perspective of collaboration and regional articulation.
